PLANNING AHEAD

Northern Territory is a wonderful place to visit all year round. Before you begin your next trip, make sure to read our helpful travel information, to ensure you make the most of your time in the central heart of Australia.

Standley Chasm (Angkerle Atwatye)

Tourism NT

WHEN TO GO

The Top End has two distinct seasons, the dry season (May to October) and the green season (November to April) and. The dry season generally has dry sunny days with cooler nights while the green season is characterised by high humidity, monsoonal rains and storms and is the best time to see waterfalls.

The climate in The Red Centre is one of extremes with hot summers, cold winters and very little rain all year round.

GETTING AROUND

BY CAR

Take the time to explore and discover as you make your way through the Northern Territory by road. We offer a selection of suggested driving itineraries, providing you with the freedom to see the Northern Territory at your own pace. See pages 14 and 15 for car hire and pages 16 and 17 for Self Drive Holidays.

Travellers should drive at a speed that suits the road, vehicle, weather conditions and their driving experience. Avoid driving after dark as cattle and wildlife often congregate alongside outback highways.

BY RAIL

Take the ultimate journey through the heart of Australia on The Ghan. This amazing rail journey begins in Adelaide and traverses the Red Centre, passing through Alice Springs and Katherine before concluding in Darwin (also operates in reverse). See page 7 for more details.

NATIONAL PARKS PASSES

All visitors must purchase a pass prior to entering most parks. As this fee is not payable directly to the accommodation or tour operator, and because there are numerous options available, this fee is not included in the prices featured on individual accommodation and tour listings in this brochure, unless otherwise specified. For details on the various options available and how to purchase passes, visit nt.gov.au/parks/parks-pass.

ABORIGINAL CULTURE & LAND ACCESS

Almost one quarter of the Northern Territory's population are Aboriginal people and approximately half of the Territory is Aboriginal owned land. Family business and ceremonies are important and take priority to Aboriginal people.

Driving over Aboriginal owned land and access into Arnhem Land is restricted. Visitors must apply for a permit from the Northern Land Council or alternatively choose a tour where operators have permission from the traditional owners to enter their land.

WATER SAFETY

The Northern Territory has many safe places to swim, including local nature reserves and in some national parks. Salt and Freshwater crocodiles are found in most Top End billabongs and rivers, and are occasionally seen on remote beaches. This is generally sign-posted, but if you are unsure, don't swim. Beach swimming is not recommended from October to April due to marine stingers.

ULTIMATE ULURU 4 DAYS/3 NIGHTS

Day 1: Friday – Arrive Uluru & A Night at Field of Light (D)

Be met on arrival at Ayers Rock Airport and transferred to your hotel. The remainder of the day is at leisure.

Get to know your fellow travellers and tour leader over a drink in the Walpa Lobby Bar, before tonight's exclusive welcome dinner. Transfer to a remote desert location to enjoy gourmet canapés and chilled sparkling wine, as you take in the breathtaking Uluru sunset. As darkness falls, watch in awe from the top of your private dune as a fantasy garden, featuring 50,000 spindles of light, gently comes to life.

Then join your fellow travellers for an exceptional three-course menu infused with bush tucker flavours. After dinner, immerse yourself in the stunning art installation, Field of Light, its pathways glistening softly with rhythms of coloured light, beckoning you to explore at your own pace. This will be a truly magical evening.

Day 2: Saturday – Uluru Highlights and Sacred Sites Flight (BD)

It will be worth the early wake-up call this morning, to experience the tranquillity of the pre-dawn outback and watch the stunning metamorphosis of colour as the desert slowly comes alive. Travel to a special location to watch the sun rise over Uluru and enjoy an outback picnic breakfast. Once the sun is up, visit Mutitjulu Waterhole on the Kuniya Walk. After this short walk, drive around the base of Uluru and hear the story of the Mala people.

Next, head to the Uluru Cultural Centre where you'll support the local community and deepen your understanding of Uluru-Kata Tjuta National Park. Here you can learn about Anangu culture and the park's natural environment through exhibits and presentations with Anangu and park rangers.

This afternoon, get ready for the ultimate adventure and experience the true majesty of Uluru and Kata Tjuta from the air. Fly by Uluru and across to the spectacular domes of Kata Tjuta for a view that will leave you speechless. So much of these sacred sites is off-limits from the ground, so the only way to truly appreciate the vast size and amazing landscape is from the air.

Late afternoon, be whisked away to a dune top location and sip delicious cocktails, while watching the changing colours of Uluru and Kata Tjuta as the sun slowly sinks below the horizon. Take your seat in the open-air desert theatre and embark on a culinary adventure with a gourmet dinner hamper. Prepare to be amazed as Wintjiri Wiru, Uluru's breathtaking light and sound show, brings to life a chapter of the Mala story of the Anangu people. Watch in awe as the night sky comes alive with choreographed drones, lasers and projections taking flight to light up the night sky.

Day 3: Sunday – Kata Tjuta and Tali Wiru (BD)

An early start this morning to experience the magnificence of a Kata Tjuta sunrise. On arrival at the viewing area, walk to the best vantage point to see the 36 domes that comprise this spiritual place, watching as the sun's morning glow brings the desert to life. The tour then heads to the western side of Kata Tjuta where you'll enjoy an outback picnic breakfast. Approaching the entrance to Walpa Gorge, your guide will share the significance of this men's sacred ceremonial site.

Return to the hotel, the remainder of afternoon is free.

Tonight's final dinner will be an exceptional experience. Tali Wiru, meaning 'beautiful dune' in local Anangu language, encapsulates the magic of fine dining under the Southern Desert sky.

Every course of this four-course dinner is infused with ancient native herbs and spices, constructed to respect, and put a spotlight on the quality and attributes of each ingredient, bringing them together in harmony. Enjoy premium Australian wines while an indigenous storyteller shares the culture, history and spirituality of this beautiful land. This is so much more than a dining experience; it's a moment in time you will remember forever.

Day 4: Monday – Uluru (B)

Enjoy a final leisurely breakfast before transferring to the airport for your flight home.

WHEN TO GO

South Australia is the driest state in Australia, with its summer months embracing the hot and dry, perfect for spending at the beach and exploring coastal towns. During autumn, the days are sunny and temperatures are milder. Adelaide Hills is the perfect spot to see fiery red and orange autumn leaves. The wettest season falls during winter, temperatures drop, and frosts are common. During spring, South Australia is awash with colour. Adelaide is bathed in deep purple with jacarandas flowering, the fields in the Clare Valley are golden and almond blossoms can be found on the Fleurieu Peninsula.

GETTING AROUND

BY CAR

Take the time to explore as you make your way around South Australia by road. Discover rugged national parks, beautiful beaches and country towns from the comfort of your rental car. See pages 56 and 57 for car hire options.

Driving conditions in South Australia are varied. Travellers should drive at a speed that suits the road, vehicle and weather conditions. Take care when travelling in remote areas during summer, as temperatures in Outback Australia can reach over 40°C. Avoid driving after dark as cattle and wildlife often congregate alongside outback highways at night. Major roads on Kangaroo Island are sealed, however the majority of roads are unsealed and require reduced speed and caution.

BY RAIL

Take the ultimate journey through the heart of Australia on The Ghan. This amazing rail journey begins in Adelaide and traverses the Red Centre, passing through Alice Springs and Katherine before concluding in Darwin (also operates in reverse). See page 7 for more details. Take the Indian Pacific, traversing coast to coast from Perth to Adelaide to Sydney.

WATER SAFETY

Australia has some of the world's best beaches, however care and caution should be exercised at all times. Please remember to swim between the red and yellow flags and listen to instructions from lifesavers and lifeguards.
